

SPOT & CO

SUE PEARSON'S OBEDIENCE TRAINING

Advanced Training Classes

Top 10 Reasons You and Your Dog Should Come to SPOT & CO.

1. All the dogs are doing it.
2. Kid next door thinks the dog's name is "Stopit."
3. Dog sitter suggested that you take the dog with you on vacation this year.
4. Your clothing has lace and fringe that wasn't there yesterday.
5. No more yellow carpet!
6. You want to learn that trick where you put the biscuit on the end of the dog's nose.
7. Neighbors put one of these flyers in your mailbox.
8. You found *Howloween*, *House Destruction for Dogs*, and *Jurassic Bark* books under the dog's pillow.
9. New puppy came without an owner's manual.
10. Guaranteed to have a great time training your dog!

Advanced Training classes provide an opportunity for you and your dog to continue training beyond the basic obedience level and will focus on the development of good "household manners." In these classes, you and your dog will work on improving general obedience skills, including: sit, stay, lie down, come when called, and how to walk nicely on leash. We will work on many of these skills by incorporating them into games and activities and by increasing the distractions in the environment. As in previous classes, we'll show you ways to motivate your dog in training and will encourage the use of positive reinforcement to help maintain good behavior.

During **Advanced Training** classes, you'll also be encouraged to reinforce appropriate socialization skills so that your dog continues to have good interactions with other dogs and people. Information about behavior will be shared as situations occur in class and when owners have specific questions. Children and other family members are encouraged to attend class in order to improve their understanding of training and behavior. **SPOT & CO.** instructors believe that dog training is a family activity and that it should be **fun** for you and your dog.

Thanks for signing up with **SPOT & CO.** We look forward to working with you in class!
